- B. **Paddle Tennis Courts-** Aaron Schrager, the engineer and I are supposed to meet tomorrow to finalize plans so they can go out to bid.
- C. **Summit Lax Wall/Gazebo** The project was approved at the February 20<sup>th</sup> council meeting. The group is formalizing the contract with Prisco and getting ready to go to the planning board for a courtesy review.
- D. **Glenside-** We are in the process of setting up a meeting with Vikkki Drake from the county. A number of dates have been sent , we are just trying to find a mutually agreeable date.
- E. **Tatlock Lights-** We continue to finalize the Tatlock Lighting Project Community Engagement Plan. We are planning to have a number of listening sessions with the neighbors that will take place in April, along with an Open House at the Community Center. Additionally, David and I will be giving a presentation at the March 19<sup>th</sup> council meeting. We will continue to gather comments and post all the information on our website.
- F. **Mabie/Tatlock Playground –** We continue to wait on the Green Acres Grant from the State, but we have applied for a 100,000 grant to go towards the Tatlock playground from The Local recreation Improvement Grant from the state. Typically, lower economic towns receive the bulk of the funding, so I don't expect to get the total request.
